

Welcome!

The Globe English Centre is a very special place. I have enjoyed running this school in the beautiful city of Exeter since 1978. My son Anton now follows in the family tradition.

Capital city of the county of Devon, Exeter is 2 hours from London and 20 minutes from the sea. The region is the top British tourist destination, thanks to its rich mixture of culture, beauty and charm. Surrounded by spectacular countryside and some of the best beaches in Britain, Exeter combines the excitement of a large city with the friendliness of a close community.

One of Britain's safest cities, Exeter is the ideal location to improve your English and your career prospects as well as learn about different cultures, meet new friends and have a wonderful time. We look forward to meeting you and hope to make your stay an unforgettable experience.

Methodology and Teachers

Adult programmes have a maximum of 6 students per class. Personalised tuition and an interactive, creative syllabus ensure that, even on a short course, students' individual needs are met and good progress is made.

Teachers

All our teachers are native speakers and trained in teaching English as a Foreign Language. Dynamic and approachable, they are expert in motivating students and identifying their needs. They generate interest in lessons with the latest teaching techniques. Regular staff training guarantees a high standard in all our programmes.

The first day

- On arrival at 9.00 you will have a grammar test and an interview to assess your level and select the correct class for you.
- Testing is followed by a tour of the School facilities and Self-Study Centre and a presentation of the Social Programme.
- After a short break, classes will begin at 11.00 (except on bank holidays).

The Course Director meets all students in their first week to see if they are satisfied with their class level, accommodation and programme in general.

You are always welcome to approach any staff for help at any time.

Progress testing

All students receive a written assessment of their progress at the end of their course.

Long stay students take a progress test on the first Monday of every month during class hours, followed by a tutorial with their class teacher to assess their English and to advise them on areas for further study.

Learning and homework

Homework is set daily and we recommend you take advantage of our Self-study Centre to consolidate the work done in the classroom and further improve your language skills.

To make as much progress as possible, we advise you to practise English both in and out of class, with other students, your host family and British people.

Examinations

We offer advice on the best internationally recognised English examinations for your professional life or entrance to a British university. We can help you with your application and the interview process so that you are as well prepared as possible.

Certificates

At the end of your course you receive a Globe English Centre Certificate of Attendance and a written report on your progress, including an assessment of your abilities and advice on further study.

Study Centre

Levels

We have courses at all levels, but on the very rare occasions when we have only one student at a particular level, we guarantee to provide a minimum of 75% in One-to-One lessons.

Accommodation

Host families play a very important part in the success of our students' stay. By sharing their lives and interests with their foreign guests, they provide students with the best opportunity to learn about British culture and to progress in English.

Homestay accommodation

- We visit our families and carefully select them for the comfort of their homes, their kindness and the quality of their welcome. Many of our families are personally known to our staff. Please write your accommodation requirements clearly on your enrolment form.
- Most families are within 30 minutes/2.8kms of the Globe. We will give you a free bus pass if you are further than 2.8km. All families are on a bus route..
- Students of the same mother tongue are not placed with the same family unless they request to stay with a friend.
- Students have their own room with a writing table and are offered breakfast, packed lunch and evening meal. Cooked lunches can be heated up at school.
- Families will offer to do some light laundry on a weekly basis.
- Host family Plus guarantees a higher standard of accommodation and welcome.
- Private bathrooms must be requested if required.
- Our families follow the English UK Code of Practice in accordance with the British Council and British Authorities' recommendations.
- If a student has any difficulties or problems with their host family, we will do our best to improve the situation and will change the host family, if necessary.

Hotels

Exeter and the surrounding countryside offer a wide range of hotels which we are happy to recommend. There is a good selection within 5 minutes' walk from school.

Private and shared apartments

The Globe has access to a number of self-catering apartments in the city centre, as well as 10 apartments on the school campus.
